ORGANIZATION OF LICENSE LEAGUE IS FORMED

NATIONAL IN ITS SCOPE

to Stop Prohibition Wave
Affecting the Saloon Business
Enforcing the Laws—Dele-
gates to Go to Louisville.

as City, Mo., Jan. 7.—The
interests here are uniting in
each organization of the Model
League, a national alliance of
sale and manufacturing whis-
keys, brandies, liquors and
other beverages. The object is to com-
pel the government to restrict
the sale of these beverages and
to obey the laws. A con-
ference of the league is to be held
at Louisville, Ky., on January 21 and 22
and a delegation will go from here. A
local organization has
been formed, with Jacob Barzen, pres-
ident; A. P. Spahr, vice president,
and Charles G. Mohrle, secretary.

Few liquor retail dealers have yet
joined the movement, but efforts are
being made to induce them to do so.
Practically all the wholesale liquor
interests of Kansas City and the
brewing companies have joined.

Literature being sent out from the
headquarters of the league at Louis-
ville contains the chief feature of the
movement in this paragraph:

"Every day shows the importance
of the wine, beer, whiskey and collat-
eral trades becoming an absolute unit,
insofar as the defense of our business
is concerned, having one idea and one
form of campaign, and this united
body should believe in this idea and
should encourage it with the greatest
possible enthusiasm. It is of the
greatest importance, therefore, that
you should let nothing stand in the
way of your attendance at this con-
vention."

A letter received by Mr. Mohrle
this morning says that a model
license law will afford the retail
liquor dealer perfect protection in the
possession of his license; thus mak-
ing it a valuable property, "while at
the same time compelling the retail
liquor dealer to obey all laws."

It will be urged that in future no
more licenses for retailing liquor
should be issued until there shall be
more than 500 population for each
saloon in existence.

This differs slightly from the Kan-
sas City provision. Under the new
license ordinance in Kansas City
there can be no new saloons licensed
unless the number of saloons drop
off. The city had 600 saloons when
the new law took effect. This law
limits the number to 500 until the
population exceeds 400,000, when ad-
ditional licenses may be issued for
one saloon for each 1,000 of popu-
lation in excess of the 400,000.

The letter continues: "In order to
make the model license law fully ef-
fective it will be proposed that such
a law should provide that upon the
first conviction of any saloon keeper
for any infraction of the laws govern-
ing saloons his license should be sus-
pended for thirty days and for the
second offense the license should be
canceled and the saloon keeper per-
manently barred from license privi-
leges in the state where the offense
was committed."

THEFT OF RAILWAY PASSES

A Katy Fireman Is Also Wanted at
Denison, Texas.

M. Smith, who has been firing a lo-
comotive for the Katy and who has
been ill in this city, was arrested by
the police last night, charged with
stealing a number of railway passes
from the M. K. & T. He was ar-
raigned in police court this morning
and given a twenty days' jail sen-
tence.

Chief Boult learned that Smith is
wanted at Denison, Texas, for forgery,
and accordingly notified Chief of Po-
lice Wisdom there.

The latter is expected to arrive
here tonight, to take charge of the
prisoner.

FOUR BOLD, BAD BANDITS

ATTEMPT TO HOLD UP TRAIN IN THE KANSAS CITY UNION DEPOT.

CONDUCTORS SCARED THEM AWAY

Cars Were Filled With Italian Labor-
ers Who Were Terrified by Hav-
ing Revolvers Held on Them
—Two Men Arrested.

Kansas City, Jan. 7.—Four men at-
tempted to rob a car of Italian labor-
ers on the M. K. & T. train known
as the Katy flyer at the Union depot
at 2 o'clock this morning.

The train was standing on its track
under the train shed when the rob-
bers entered the rear coach and pre-
sented guns at the terrified passen-
gers, who were about twenty-five in
number, all foreigners.

The negro train porter, Dave
White, tried to unlock the rear door
of the car, and the noise he made
caused the desperadoes to turn on
him.

He called for help, and Conductor
H. W. Drew ran into the car and
grappled with one of the bandits. The
others fled, but the man whom Drew
held struggled and fought desperately.

Drew beat him over the head with
his lantern, but he freed himself and
escaped.

The police were notified and went
to work on the case at once.

They recognized the robbers from
the description given as local crooks.
The bandits secured nothing.

Shortly after the attempt the po-
lice arrested two men in the vicinity
of the railway yards. They gave their
names as Rube Walsh and John Coss.
Both were unable to give an account
of themselves and are held for in-
vestigation. Coss was formerly employed
in a local packing house.

A HUSBAND YIELDS WIFE

TO RICH RIVAL WHOM SHE OWNS SHE LOVES UP IN THE HAWKEYE STATE.

HE WON HEART OF SOCIETY BELLE

Divorce Suit of Wife Reveals Renun-
ciation of Contractor Which Du-
plicates Ruskin's—Secret
Meetings Charged.

Des Moines, Ia., Jan. 7.—Mrs. S.
W. Hough, wife of a prominent con-
tractor and society leader, yesterday
told the inside story of a tangle in
love exceptionally dramatic in its in-
ception and the resolution it inspired.

Mrs. Hough won the affection of a
man married long enough to have
grownup children, yet her own hus-
band's love for her is so deep that he
is willing to free her and let her be
happy with his rival.

The story came to light through the
suit for divorce filed by Mrs. John C.
Cottrell against her husband, the
mayor of Kingsley and the wealthiest
member of the Iowa legislature. He
had thought himself happy through
the years of his married life, record-
ing to Mrs. Hough, but in reality had
not known happiness until his eyes,
turning upward, met the burning gaze
she fastened on him as she listened
to the speech he made last winter in
the state house of representatives on
the two-cent fare bill.

"I realized at once that I loved this
man," said Mrs. Hough, "although I
had never seen him before, and al-
though I was the wife of another man.
When the legislature adjourned Cot-
trell went back to his home in Kings-
ley. I wrote to him a few times; then
I went to my husband with a photo-
graph of Cottrell. I told him I had
something very serious to discuss
with him and I made a full confes-
sion of my love. I began at the be-
ginning and told all—told him that I
could not live without this man and
asked him for a divorce. He was
deeply moved and finally consented.
He bade me goodbye and went to Wy-
oming to live."

Hough, it is said, will now lead the
life of a hermit. Mrs. Cottrell charges
that the love of her husband and Mrs.
Hough was so difficult of restraint
that they met in Kansas City and in
Chicago.

Cottrell, she charges, admitted the
state of affairs when she found a love
letter from Mrs. Hough to him. She
and Cottrell were married in 1881.

FRIENDS OF THE KENTUCKIAN
ARE TO CIRCULATE
PETITIONS.

TRIALS HAVE COST HIM \$75,000

A Nonpartisan Move to Ask the Gov-
ernor to Pardon the Man Who
Has Been in Prison
Since 1900.

of Georgetown, irrespective of party,
are preparing an address to the peo-
ple of Kentucky calling on them to
petition Governor Willson to pardon
Caleb Powers.

The address will be accompanied
by petitions which will be sent to
every county.

ers for complicity in the murder of
William Goebel in 1900 disagreed Sat-
urday, standing 10 to 2 for acquittal.

Has Spent \$75,000.

Omaha, Neb., Jan. 7.—D. W. Cress,
a friend of Caleb Powers, is here try-
ing to raise funds for Powers' de-
fense at the fifth trial.

Cress says that \$75,000 has been
spent thus far in defending Powers.
He believes that another trial will
result in acquittal.

WAS KICKED BY A MULE

Mayor W. F. Yankee, of Lamonte,
This Forenoon.

Mayor W. F. Yankee, of Lamonte,
who conducts a large mule barn in
that city, in making an effort to catch
one of a number of mules this morn-
ing, was kicked just above the pit of
the stomach by one of the animals
and dangerously hurt.

He was picked up by a man who
was assisting him in the effort to
catch the mule, and with the aid of
passersby who were called he was
carried to his home on a stretcher,
where Dr. J. P. Walker attended him.

Mr. Yankee was suffering greatly
from the injury, and it was necessary
for the attending physician to admin-
ister opiates to relieve the pain.

Only a hurried examination of his
injuries had been made up to the
time the Democrat-Sentinel's infor-
mation left Lamonte, and at that time
his condition was considered rather
serious.

Revival Growing in Interest.

At the M. E. church, south, last
night, Evangelist Andrews preached
to a large congregation a very im-
pressive sermon on "Fighting the
Devil." Evangelist Andrews in his
inimitable manner pictured the eter-
nal warfare between right and wrong
and claimed victory in the Lord's
name. Hear him tonight at 7:15.
Prof. James sings again tonight.

fill Miss Curran's place and the

dollars a month.

MAN WHO PLACED BOMB

RAN SOUTH ON BALTIMORE AVE. NUE AFTER EXPLOSION IN THE BANK.

KANSAS CITY'S RECENT SENSATION

Geo. W. Evans Grappled With Him,
but Man Broke Away—He Ap-
peared to Be Foreigner and
Wore Laborer's Clothing.

Kansas City, Mo., Jan. 7.—In an
effort to explain the explosion in the
First National bank Saturday the po-
lice, bank officers and local detec-
tives are trying to learn the identity
of persons seen near the building at
the time it occurred.

Among those who witnessed the
explosion was George W. Evans,
president of the Evans-Smith Drug
Co. Mr. Evans told last night about
his experience with a stranger a mo-
ment after the explosion.

"I was walking south on the west
side of a Baltimore avenue," said Mr.
Evans, "and I was just about oppo-
site the entrance to the bank when
the flash and roar of the explosion
came. I was knocked down from the
shock."

"While I was getting on my feet a
man who appeared to me to be a for-
eigner ran into me and knocked
me part way down again. I grabbed
him and remember struggling with
him for a moment."

"He was bigger than I and weighed
perhaps 150 pounds. His clothing re-
sembled that of a laborer. He was
running when he struck me and was
yelling. After I had grappled with
him for a few seconds he broke away.
Just then another one told me my
face was cut and I forgot about the
stranger."

"The last I saw of him he was
crossing Tenth street going south."

The police say this description fits
that of a man who was questioned by
them and released. Mr. Evans is posi-
tive the man he saw running came
from the direction of the bank.

TOM KALER WAS BURNED

In a Fire at Saline and Hill Streets
This Mornin.

Fire of an unknown origin was dis-
covered on the second floor of Jo-
seph Milburn's two-story building at
the northwest corner of Saline and
Hill streets, occupied on the first
floor by Gehlken & Milburn's grocery
store and on the second floor by ten-
ants, at 6:30 o'clock this morning.

The firemen responded promptly to
the call, but before the blaze had
been extinguished the stock of goods
had been damaged to the extent of
\$200, while the building suffered a
\$400 damage. The loss on both is
covered by insurance.

All the tenants of the second floor
had arisen for the day when the fire
started, but it is thought to have
caught from a two-gallon can of coal
oil, which was stored in the apart-
ment.

In fighting the flames, Tom Kaler,
driver for company No. 2, was quite
badly burned about the face and
hands. His wounds are not danger-
ous, but will confine him to his home
for several days. Dr. Barnum attend-
ed him.

County Court Proceedings.

The county court today reappoint-
ed H. C. Hatton superintendent of the
county home for another year.

A delegation of citizens of the east
and north portion of the county was
before the court protesting against
the extension of the six-mile road
district.

Card and Clara Butler and Mr. Sher-
idan were initiated into Queen City

council will give another social ses-

Beautifying His Office.

Dr. W. J. Ferguson's rooms at
Fourth and Ohio streets are being
beautified by a new coat of paint. The
walls and ceiling are also being re-
papered.

Dropped Dead Going to Church.

Mrs. John Crevelt, of Jefferson City,
dropped dead on the street there at
6 o'clock Monday morning while on
her way to St. Peter's church to at-
tend mass. She was 65 years of age,
and is survived by a son and two
daughters. Friends of the family live
in Sedalia.

Removed to Chicago.

H. T. Bloom, the merchant tailor,
who has been engaged in business
for some months in the Smettett build-
ing, on South Ohio avenue, has closed
up his establishment here and gone
to Chicago. His family, who reside
at 420 West Sixth, will depart for the
Lakeside City tomorrow night.

WAS LAID OUT AS DEAD

TWICE WAS THE AGED WOMAN
AT BELLEFONTAINE, OHIO,
THE PAST WEEK.

SOME RELATIVES WERE NOTIFIED

They Came to Attend the Funeral,
But Found the Supposed Corpse
Recovering and Now She
Is Convalescent.

Bellefontaine, Ohio, Jan. 7.—Mrs.
Lucinda Carrothers, mother-in-law of
Robert Crowley, a well-known Big
Four conductor, is up and around in
her usual health after the remarkable
experience of being twice laid out for
dead.

Mrs. Carrothers was taken sudden-
ly ill a week ago and the attending
physician pronounced her dead.

The body was given the usual care
until the arrival of an undertaker,
when the jar caused by the overturn-
ing of a chair revived her.

Stimulants were administered and
the woman was restored to health.

A similar attack soon followed and
the family was so sure that dissolu-
tion had taken place that relatives
were notified by telegraph and ar-
rived to attend the funeral only to
find that the aged woman was still
alive.

Physicians are unable to account
for the strange case, except that the
woman had suffered from some kind
of poison.

A HUGE FRAUD ALLEGED

GRAFT OF \$75,000.00 IN PRINTING
BUREAU AT WASHINGTON,
DISTRICT OF COLUMBIA.

FORMER INK MAKER NOW ACCUSED

Gave Samples, Highest Rating, It Is
Charged, and Received Annually
a Check for Certain Per-
centage of Sales.

Washington, Jan. 7.—Allegations of
fraud and graft amounting to possibly
\$75,000 in supplying the bureau of
printing and engraving with black
dry color used in the manufacture of
ink, resulted yesterday in the in-
dictment by the federal grand jury
here of Edward M. Vandeyck, formerly
a chemist and ink maker employed in
the bureau, and Victor Bloede, presi-
dent of the Victor Bloede Co., of
Baltimore, manufacturers of the
black dry color.

Vandeyck and Bloede are charged in
the indictments with conspiracy to
defraud the government, the allega-
tion being that they entered into an
agreement by which Bloede was to
pay Vandeyck a percentage of the
money his company received from
the government for the black dry
color furnished to the bureau of
printing and engraving.

Vandeyck, it is alleged, in his posi-
tion of chemist and inkmaker, of the
bureau, had to pass upon the sam-
ples of the color submitted by the
various manufacturers.

It is charged that he fraudulently
favored the Baltimore company, and
that as a result of the conspiracy he
was paid by Bloede in the course of
several years between \$70,000 and
\$75,000.

rors in the box, all being subject to
peremptory challenge, and a new

Thaw being the only relative of the

signal concern, was selected this
morning as Thaw juror No. 10.

Young Mrs. Thaw came in while
the first talesman was being exam-

lected were excused by consent short

THE BUSINESS MEN'S ASSOCIA-
TION.

The splendid spirit shown at the
annual meeting of the Business
Men's association last night in decid-
ing to continue the organization can
not be too heartily commended, and
it should receive the generous sup-
port of every person having the in-
terests of the city truly at heart.

Sedalia needs an institution of
this sort and would suffer very great-
ly were it not in existence. What
it has accomplished in the past has
done much for the city in many
ways, known only to those who have
done the work.

It is manifestly impossible for the
public to fully realize all the thou-
sand and one things that are under-
taken and accomplished by this or-
ganization, little things, some of
them, which no business man person-
ally would find time to take up, but
which followed up lead to benefits that
grow in importance every month and
every year.

Whatever seems for the city's good
is taken up and followed to the
end that whatever that good may be,
shall be secured, and results have
fully justified the wisdom of keeping
the association actively and aggres-
sively at work.

The officers who retired last night
have very unselfishly given their
time and attention to the work that
they took upon themselves, and often-
times at a personal loss have gone
out and done things of in-
estimable value to the city. They
have fulfilled their every obligation
as officers of the association, and
proven themselves public spirited
citizens in the truest sense, and in
turning over the work to others, are
entitled to the thanks of the whole
community for the record that they
have made.

The new officials are worthy suc-
cessors of those going out. They are
all successful business men, have
energy, ability and good judgment,
coupled with intense public spirit,
and being thoroughly identified with
Sedalia's interests, will without
doubt accomplish all that is looked
and hoped for in the future of the best
little city in the west.

The Democrat-Sentinel can not too
strongly express its approval of the
association, and promises to be with
it, both in membership and otherwise,
in the future, as it has in the past.

It urges also that every person of
business firm not now on the list of
members come forward and join,
thus adding influence and funds to
the efforts that are mapped out for
the coming year.

TO SOROSIS MUCH PRAISE.

The council can not receive too
much praise for its action last night
in creating a board to take charge of

and care for the city cemetery, and in
giving them full credit, it should not
be forgotten that the Sorosis, a wo-
man's club first originated and work-
ed for the plan that has now been so
happily consummated.

It was these women, actuated by
the finest spirit and tenderest feel-
ings, who under most discouraging
conditions took up the burden and
who should now be acknowledged as
having brought about a plan that will
throughout all the years to come be
a monument to Sedalia's love and
respect for those who have gone
before.

THE THIRD HOUSE TONIGHT.

The meeting of the Third House to-
night ought to be largely attended by
the women and men of the city.

A program of great interest to ev-
ery one desiring the best in munici-
pal conditions has been prepared, and
subjects will be discussed that will
doubtless lead to the public taking
more interest in that in which it is
so vitally concerned, but which for
lack of just such gatherings as these
have been greatly neglected.

An aroused citizenship can accom-
plish all things, and the first step is
now being taken to that end.

A complacent republican contem-
porary remarks in a satisfied tone
that "it will be Taft or Hughes—
and victory." But it will make a lot
of difference to those two gentlemen
which one of them gets coupled up
with the climax.

A current cartoon represents Sur-
geon General Rixey holding an admi-
ral's flag made out of a porous plas-
ter. It might very well bear the de-
vice of a skull and cross bones, and
the motto of the naval college, "Soc-
et tuum."

Representative Richmond P. Hob-
son now wants the government to
start an official daily, as though it
did not have quite enough trouble
with the Congressional Record, which
suspends publication during the re-
cess.

A correspondent says that the
Roosevelt mantle has descended onto
Mr. Taft's shoulders. It is to be
hoped for the comfort of the wearer
that it was cut full in the first
place.

A conspiracy has been discovered
in Ohio to eliminate Senator Foraker
from politics. Wonder how many mil-
lions the combination was assessed at?

It is to be hoped that the return-
ing Chinese minister, Mr. Wu Ting
Fang, will get as much fun out of
us in the future as we have gotten
out of him in the past.

That disaster prophet for 1908 failed
to indicate which one of the presi-
dential nominees were going on the
rocks before the convention.

Grover Cleveland has one advan-
tage in discussing the status of an
expresident. They is nobody in a po-
sition to disagree with him.

If the president did let Mr.
Loeb manage the Taft campaign, he
would begin to doubt the quality of
his endorsement very much.

Ex-Senator Spooner has already
proved that he is another lawyer
whose heart can be in his client's
cause.

In spite of all that has been said
about them, "the malefactors of great
wealth" continue to put on flesh.

When they got down to the bones of
it, the Deuces case did not seem to be
so much after all.

MRS. A. A. DUGAN IN TEXAS

SHE WRITES MOST ENTERTAIN-
INGLY FROM BEAUTIFUL
CORPU CHRISTI.

TWO FORMER SEDALIANS ARE THERE

In Love With City and Its Surround-
ings, but Sends Greetings to
Her Legion of Friends
in Missouri.

Corpus Christi, Texas, Jan. 3.—
Dear Missourians — More Especially
Sedalians: Since writing my first
press letter in over a year, I have
learned a few things which may be
of some slight interest to home folks.
The senior member of the firm of
Aldrich Bros. is Mr. Roy Aldrich, who
was first lieutenant in Col. Harry
Demuth's regiment, and who has for
his former superior officer a great re-
gard. He was much pained to hear of
Col. Demuth's failing health, and ex-
pressed the earnest wish that he
would "come down here and get
well."

This entrancing land-locked bay
loses none of its interest; it is still
superlatively beautiful to me. At
night when I can not sleep for think-
ing the saddest thoughts a human
mind can hold and retain its sanity,
the breathing of the dear old bay
comforts me. Sometimes I have to
combat a desire to go out and let the
clear salt water engulf me, thus end-
ing my sorrows, but when the battle
is fought out I am better for the con-
flict.

We realize that we are a long way
from home—Miss Carolyn R. and my-
self—but the world, as has often been
remarked, is not a large place after
all.

Coming from church one morning, a
gentleman accosted me by saying,
"Good morning, Mrs. Dugan." I look-
ed up to meet the eyes of an entire
stranger, to whom I said, curtly
enough, I dare say, "Good morning,
sir!"

"Aren't you Mrs. Dugan, of Se-
dalia, Mo.," he respectfully asked.

I confessed my identity readily.
Then he told me his name was Ricks,
and that it was his brother who owned
my former home, 619 West Twen-
ty-third street.

It is difficult to estimate this
quaint city-village. Since writing be-
fore we have been up to the town
on the bluff, even beyond it, and out
to a fine old ranch home owned by
a cousin of the world-known Phila-
delphia seedsman, W. Allee Burpee.
The house built in ancient colonial
style, is very large and extremely
well furnished, but it was the sur-
roundings that most interested us;
the oranges, lemons, grape-fruit, all
in lucious fruitage, and the roses, vio-
lets, many strange shrubs and vines,
sending forth sweet odors that com-
pleted our inspection for this deligh-
tful place.

Only seven years ago, we were
told, the ranch land came quite to the
town limits, and now there are fine
gardens all the way out along the
shell road for many miles. Such
fields of cabbage, betts, turnips, beans
and spinach, I never saw growing
anywhere before.

This country has just reached a

transition period, and progress has a
firm grip on it and will drag it along
in spite of itself to future great-
ness.

I remember when there were no
wells or cisterns in Sedalia, and we
were told that it would be impos-
sible to make an uncemented cistern
hold water. You all know what fine
wells and good cisterns, not to men-
tion the "G. O. F." the city now en-
joys. Here all the drinking water is
rain water, held in huge wooden
tanks set upon short legs entirely
above ground. There are cooper
shops here where these exaggerated
barrels are made in large numbers.

The stores are curiosities; while
there is not one large general store,
all the stores carry a little of almost
everything. To illustrate: One hard-
ware store carries mixed paints; a
grocery on a prominent corner has a
case of jewelry setting conspicuously
in the middle of the floor, very much
in the way, or so it seems to me.

The postoffice is entirely inade-
quate to meet the heavy demands of
the tourist season, although the of-
fice force works too hard, and are
uniformly courteous and kind, espe-
cially to ladies and children.

"Don't stand in line," say the au-
thorities to women and children,
"come to the front and let the men
wait."

We heard this with some astonish-
ment, and decided that chivalry is
very much alive in Texas, however
dead it may be in other places.

Corpus Christi claims 10,000 in-
habitants. I am trying to learn how
many of these are bona fide citizens,
and how large a proportion are Mex-
icans and negroes.

On the first day of the new year
nearly every soul of the Delmar con-
tingent, men, women and children
were in the bay, sporting about in the
salt water, like dolphins. There is
no undertow here, no sharks, no
heavy waves to knock one about, and
the water is just as salt as that in
the gulf. An occasional stinger lies
in wait for an unwary foot, which
necessitates shoes or slippers, other-
wise the bathing is ideal.

As I write the Aldrich brothers are
out in a row boat, tossing on the tur-
bulent waves which are rolling today
as high as they ever get, and it re-
quires skill to keep the whitecaps
from climbing into the boat. They
are now pulling in the net and taking
out fish, something so interesting
that I must say good by and go out
and inspect the catch. Hurriedly
yours—A. A. D.

CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down the circulation, and disease at its head, in the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. ELECTION OF A SENATOR

KENTUCKY'S GENERAL ASSEMBLY TO WRESTLE WITH PROPOSITION.

GOV. BECKHAM IS CAUCUS NOMINEE

There May Be a Controversy Over the Selection of a Site for a Monument to the Memory of the Late Gov. Goebel.

Frankfort, Ky., Jan. 7.—The election of a United States senator to succeed James B. McCreary, whose term of service as representative of the Blue Grass state in the upper house of the national legislature will expire on March 4, 1909, is the most important matter before the Kentucky assembly, which convened today.

While the first ballot for senator will not be taken for two weeks, the candidates and the hopeful "dark horses" are busily engaged in pulling wires and sounding the sentiments of the legislators. Former Governor J. C. W. Beckham is the regular nominee of the democratic party, and while this fact would ordinarily assure his election without a struggle, his supporters, apparently, have many obstacles to overcome before realizing the ambitions of their chieftain.

It is realized by the Beckham adherents that the first ballot will be the supreme test of the strength of the ex-governor, and they are straining every nerve to secure a victory on the first poll of votes. If he fails of success then, it is generally believed that his star will wane and that other aspirants will force to the front.

The failure of any four democratic members of the legislature out of the total of seventy-three to vote for Governor Beckham will prevent his election. While he occupies a commanding position in the senatorial choice of the democratic voters of the state, his election is not yet assured and he may yet be defeated by a narrow margin.

Beckham's managers have adopted the slogan "Beckham or nobody," and this may bring about a deadlock that will prevent the election of a senator at this session. In this event, many dark horses will be brought forward, among those mentioned being Col. Harry Weissenger, of Louisville; former Senator William Lindsay, of Frankfort; James B. McCreary, the present senior senator, and Representative Ollie James.

Former Governor W. O. Bradley is the nominee of the republican caucus for the senatorship, but there is admittedly little possibility for his election. It is alleged that Mr. Bradley is unpopular among some of the members of the party, and that if he should add enough votes from the democratic column to insure his election, he would be deserted by several republican electors, who would not vote for him if he had any real chance of winning.

Another matter before the legislature is that of the selection of a site for a statue of the late Gov. William Goebel, for which the legislature appropriated \$20,000. As the result of the recent republican victory, the personnel of the statue commission changed today, and is now composed of Governor Wilson, Lieutenant Governor Cox, Auditor James, Treasurer Farley and Attorney General Breathitt. It was the purpose of the legislature to have the Goebel statue erected in the rotunda of the capital, as a constant reminder of the manner of Goebel's tragic death and of the fact that he was the victim of an alleged political conspiracy.

While the democrats provided for the statue, the republican state officials will have the power to designate the place where it shall be erected, unless the legislature passes a special act. It is certain that the re-

NEW YORK'S IRISH FAIR

MIKE MCGINLEY, E. G. CASSIDY AND J. W. MURPHY OUGHT TO TAKE IT IN.

MR. M'ENIRY WOULD APPRECIATE IT

Judge D. E. Kennedy, John Hegerty and Other Irish-Americans May Visit the Pretty Girls Who Weave Rugs.

New York, Jan. 7.—Madison Square garden blossomed out in brilliant green today, heralding the opening of the Irish-American industrial exhibition, which will last until January 26. Irish industries and the attainments of Ireland in art and letters are illustrated by exhibits such as have never before been seen in this country. The displays include exhibitions in lace and linen weavings, pottery, mining, agriculture and many other industries.

A mammoth map of Ireland, made of earth and taken directly from all the counties of the Emerald Isle, is a feature of the show, and affords the Irish visitors an opportunity of treading the old soil. Irish history will be the topic of a series of lectures to be delivered by prominent men during the exhibition.

Every county of Ireland is represented among the exhibits of the different industries, aggregating over four score. Many exhibits have been sent from the recent Irish international exposition at Dublin. The object of the show is to interest the American public in the industrial development of Ireland, and to prove that the work of progress begun only a decade ago has already had big results.

A novel feature is the immense and valuable collection of Irish minerals, including gold. The precious metal has recently been discovered in paying quantities in Ireland and the prospects are now being developed.

Three of the prettiest girls from Dun Emer guild, town of Dundrum, near Dublin, noted as rug weavers, will demonstrate their ability during the exposition. The weavers of the guild are all Irish peasant girls. The rugs they make are different from any produced in this country. They are from two to three inches thick, soft as Eiderdown and practically indestructible.

The loan exhibit at the show is a notable one, and includes many relics of literary and historical interest, even to Fin McCool's boot. The foot covering with which that famous Irishman used to assist the exit of certain Irish invaders is a gigantic affair. The story of Fin's feat of kicking the unwelcome visitor across St. George's channel will take on new charm to every loyal Irishman who sees this relic.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co., and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

CHICAGO SOCIETY TO POSE

Large Fund Will Be Raised for Invalid Musicians.

Chicago, Jan. 7.—Prominent men and women in Chicago society will play the principal parts in a novel series of pantomimes of "living music" at Orchestra hall, for the benefit of the invalid fund of the Thomas orchestra, Chicago's famous musical organization.

The program provides dramatic representations of four impressive musical compositions, for which the Thomas orchestra will play the accompaniments. "Jack Frost," a musical pantomime with an Italian garden for a stage setting, will be portrayed for the first time, while another, "Erinyes," an adaptation from an old Greek tragedy set to music written by Massenet, has been produced only once before on the stage. That was in Paris eight years ago, when it ran for a week and was the musical sensation of the season in Parisian artistic circles. The series will be completed tomorrow night. It is expected that a large fund will be raised for the invalid musicians who will benefit from the efforts of Chicago society leaders.

LOCAL OPTION ELECTION

Another Missouri County Passing Up on the Question.

Kirkville, Mo., Jan. 7.—After an active campaign which has been carried on for several weeks by the temperance people a local option election is being held in this county today. It is considered certain that the county is being voted "dry," as the result of a local option election held last month.

A general sentiment in favor of prohibition is spreading throughout Missouri, and the victorious temperance leaders here declare that within a short time the entire state will be "dry," with the exception of three or four large cities.

The finest coffee substitute ever made has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health-Coffee" is really the closest coffee imitation ever yet produced. Not a grain of real coffee in it either. Health-Coffee imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. R. C. Dolph & Co.

CONTEST IN RHODE ISLAND

A Plurality of Only Nine Votes for Lieutenant Governor.

Providence, R. I., Jan. 7.—A determined effort by the democratic minority to contest the seating of Ralph C. Walrous, republican, who was elected lieutenant governor by a plurality of only nine votes over Charles Sisson, the democratic candidate, marked the opening of the state legislature today. It is alleged by the democrats that the state returning board, which counted Mr. Walrous in, threw out as defective twenty or thirty ballots, on doubtful authority, and that if they had been counted in Sisson would have won.

TWO MORE NIGHTS

Drummer Evangelist Williams and Wife Will Stay in Sedalia.

The revival meeting last night at the Epworth M. E. church, conducted by the drummer evangelist, was very largely attended. Mr. Williams preached his farewell sermon. At the close of his address eight people

came to the altar and seven professed conversion. In this number was a man and wife, four young men and two young ladies. Four united with the church, which now makes forty-seven since the meeting began.

The Hunt brothers sang a solo, which added greatly to the interest of the meeting. The singing has been a special feature of the meetings. Mrs. Williams the wife of the evangelist, conducted her last meeting this afternoon at 2:30. She makes a good second to her husband. Many say they like her best.

Tonight Mr. Williams will give his noted lecture, "The Last Rump With the Tiger." This lecture is said to be the greatest in the bunch of samples of the old Knight of the Grip. Mr. Williams is the greatest sample in himself of what the power of the gospel can do to save and keep a man from sin.

The interest in the meeting is such that the drummer preacher, by the earnest solicitation of the church, will stay two nights more. So he will be with them Wednesday and Thursday nights. The subject Wednesday night will be, "My Father's Business;" Thursday, "Supporting Ourselves."

He must leave Thursday night after his meeting to get to Conway Springs, Kas., where he gives a meeting in the M. E. church next Sunday.

California Sweet Peas.

Sweet peas have 86 divisions and some 300 subdivisions. In California, where almost all the flower seeds are grown, one farm of 500 acres is given up to the production of sweet peas alone. The total production yearly is about 350,000 pounds, and even when this amount is augmented by the yield from smaller farms it is almost impossible to meet the demand. Sweet peas are the most popular flowers in America for home gardens, except the nasturtiums, and even these can not always compete with the sweet peas.

VOTE ON LOCAL OPTION

THE PEOPLE OF RAY COUNTY UP AGAINST THE QUESTION NOW.

FEBRUARY 7 HAS BEEN DATE SET

In the Town of Richmond Election is to Be Held on February 4—People of Livingston County Present Petitions.

Richmond, Mo., Jan. 7.—The county court of Ray county has set Feb. 7 as the date for the local option election.

Under the law requiring a special election in cities of more than 2,000 inhabitants, the election in Richmond will be held February 4. The order was made by the city council.

The temperance workers have formed an organization to carry on the campaign.

Livingston County Also.

Chillicothe, Mo., Jan. 7.—The executive committee of the Anti-Saloon league of Livingston county presented a petition to the county court yesterday bearing 800 names, asking the court to call a local option election for this county outside of Chillicothe.

The court will take action on the petition today.

Water Spreading Fire.

An amusing instance of ignorance of the properties of carbide of calcium occurred recently on a quay at Algiers. Five tons of carbide had been placed near a quantity of inflammable material, which suddenly caught fire. The firemen, instead of removing the boxes of carbide with hooks, smashed them, and then turned water upon the contents. The result was a great development of acetylene gas and a destructive fire, which might have been prevented by a little practical knowledge of chemistry.—Youth's Companion.

A DESERVED COMPLIMENT

Is Paid to Col. John R. Rippey by Colman's Rural World.

Gov. Norman J. Colman writes in Colman's Rural World as follows regarding a gentleman who has a legion of friends in Sedalia and Pettis county:

This gentleman has for the past seven years been secretary of the state fair. He retires at his own volition. He has seen the fair put on a solid foundation and has every reason to congratulate himself on the

part he has taken in placing it in the enviable position it occupies.

He has worked faithfully, in season and out of season, to make it a success. He has been the guiding spirit in laying out the grounds, placing and erecting the magnificent buildings, and in making it one of the most successful state fairs of its age in the United States.

No state fair has made fewer mistakes. Not a single unsuccessful fair since it was organized has been held. Of the large sums of money that have passed through his hands there has never been a suspicion of graft. He can look back on the work he has done with the highest satisfaction.

He retires to his farm and his newspaper, the Excelsior, at Lancaster, Mo., with the best wishes of all the directors of the fair with whom he has so long been associated, and with the hope that a long and happy life may be meted out to him.

COUPLE DIED TOGETHER

An Illicit Love Had a Sad Ending in Chicago.

Chicago, Jan. 7.—An illicit love ended yesterday in death for Mrs. Henry Beyer, of Irving Park, and August Lertch, of Jefferson Park. The police believe they had a suicide pact.

Their dead bodies were found in a room at a family hotel kept by Mrs. Sarah Goodman at 3191 Milwaukee avenue. Lertch and Mrs. Beyer engaged a room there Sunday night. They said they were a married couple, in Chicago to visit friends, but that they had arrived too late to go to the home of their friends. They did not register.

Escaping gas from the room attracted attention yesterday morning, and when the door was forced, it was found both were dead. No note or other means of identification was left, but Mrs. Beyer's husband, searching for her, identified her body at the morgue. She has two grown sons. The husband has known for some time, it is said, that she was in love with Lertch.

NEW THEORY SUCCESSFUL IN INDIANAPOLIS

L. T. Cooper Makes Many Converts During Stay in That City.

The new theory (backed up by his preparation) advanced by L. T. Cooper with regard to the cause of most ill health of the present generation is being sown broadcast by this young man.

Cooper believes that the human stomach has become degenerate in civilized races and claims that good health is impossible unless the stomach is revitalized. This he claims to do with his preparation.

An article from the Indianapolis Star during Cooper's stay in that city has this to say of Cooper and his preparation: "Residents of this city are being astounded by L. T. Cooper and his new preparation."

"Reports that preceded Mr. Cooper's visit here told of his success in other localities, but the immense success of his medicine and the general belief in his theory was wholly unprecedented."

"So great is the rush of the public to this young man that people stand in line waiting their turn for hours in an effort to see him. The most interesting feature of this is statements made by reliable citizens as to the actual accomplishments of Cooper's medicine. Among recent statements of this character the following is a fair example:

"Mr. B. F. Campbell, of 3224 West Washington Street, had this to say of his experience with Cooper: 'I have been a victim of stomach trouble for the past five years—sick and suffering pain all the time. Everything I ate distressed me. I have been under the treatment of many physicians, and have taken all kinds of medicine, none of which afforded me relief. I was greatly discouraged, and was about ready to give up, when Mr. Cooper came to this city to introduce his preparations. 'I was skeptical, of course, after spending so much money and taking such a large quantity of medicine, but, like the drowning man, I was ready to grab at a straw, so I secured some of Mr. Cooper's New Discovery medicine and began taking it. It seemed to help right from the first dose. I have been taking it for several weeks, and can now eat heartily and enjoy my meals for the first time in five years—eat anything, without pain or distress of any kind. I feel like a new being—life is worth living now.'"

Let us explain Mr. Cooper's remarkable medicine to you if your general health is not all that it should be.—W. E. Bard.

PROMISES TO LEAVE TOWN

Man Who Killed His Brother Gets Into New Trouble.

Paulsboro, N. J., Jan. 7.—John Donnelly has promised to leave town, bag and baggage, to escape prosecution for an attack upon George M. Titus, a hack driver.

Titus accused him of atrocious assault, and Marshal Cole arrested him. Donnelly pleaded so hard for his release for the sake of his dependent wife and children that Squire Cog will give him his freedom on his promise to get out of the town and cause no further trouble.

Donnelly killed his brother in a quarrel over a game of cards about two years ago. He was convicted of manslaughter and sentenced to pay a fine, as it was shown that he had struck in self-defense.

He lay in jail for months, unable to pay the fine, and was finally released. He had been arrested on a charge of keeping a speakeasy, and once on a charge of stealing chickens.

SEIZED BY A DEVIL FISH

INDIANA MAN SAVED HIMSELF BY QUICK WORK WITH HIS PENKNIFE.

WAS VISITING AT LONG BEACH, CAL.

The Huge Octopus, Measuring Eight Feet Across, Threw One of Its Tentacles Around Legs of John M. Young.

Long Beach, Cal., Jan. 7.—John M. Young, who came to Long Beach recently from Terre Haute, Ind., had a narrow escape from serious injury late last evening at Dead Man's island, when he was attacked by a huge devil fish which he had pried loose from the rocks.

The octopus, which measured eight feet across, threw one of its tentacles around Young's right leg, and only by quick strokes with his knife, which severed the tentacle near the central portion of the monster, was the Indiana man able to free himself.

When the devil fish was finally subdued Young started back toward Long Beach surfeited with excitement. The octopus, with seven tentacles remaining, is on exhibition here.

MUST PAY THEIR DEBTS

ALDERMAN DE JARNETTE SEES NO REASON WHY CITY'S EMPLOYEES SHOULDNT.

CITY GAS NOT WHAT IT SHOULD BE

Mayor Collins Suggests That Matter Be Referred to "Joe" Rodes' Third House—Also After the Water Company.

The regular meeting of the city council was held Monday night. Mayor Collins rapped for order at 8 o'clock. All councilmen answered to roll call. Minutes of previous meetings were read and approved.

A resolution, one of the queerest yet introduced, was presented by Mr. De Jarnette, which provides that no appointive officer of the city shall be retained in the city's employ when he refuses to pay his just debts. Mr. Ilgenfritz favored the adoption of the resolution, while Mr. Crawford strongly opposed it.

Mr. Andler offered an amendment to the resolution providing for sickness. Mr. Sullivan moved that the resolution be laid over until the next meeting. The motion carried. Mr. De Jarnette voting "no."

J. H. Sullivan offered a communication to the council in which he made a motion that Mayor Collins appoint a committee of ten gas consumers to confer with the gas and light committee of the council, relative to agreeing on a standard rate for gas and also to secure a good quality of gas. In the communication Mr. Sullivan stated that exorbitant rates are being charged for an inferior quality of gas. He also presented a large number of letters from outside towns, quoting the price of gas, electric lights and other public conveniences.

Mr. Ilgenfritz seconded Mr. Sullivan's motion but Mayor Collins suggested that the communication be referred to the "Third House," which comment caused the councilmen to burst into laughter. Mr. Sullivan's motion carried.

Mr. Crawford moved that Fire Chief Willis notify the City Water company to flush every thirty days all fire hydrants in the city. The motion carried.

The matter of installing fire hydrants ordered but not put in was brought up, and Mr. Crawford suggested that Mayor Collins notify the company that ordinances providing for the above work had been passed, and that if the water company does not comply with the ordinance legal steps will be taken to compel them to do so.

The lighting committee of the council recommended that the light at Ninth and Osage be left where it is, instead of moved to Ninth and Monticello, as requested by ladies residing in the last named locality. The committee also recommended that four additional lights be installed in the city, one in each ward, the place to be designated by the respective councilmen.

Mr. Ilgenfritz moved that a warrant for \$150 be issued as agreed by the council to partially pay for the new sewer district in Northeast Sedalia. The motion carried.

Mr. Ilgenfritz also moved that a warrant for the money due the Six Mile Road district fund be issued. The motion carried.

Mr. Ilgenfritz moved that the judges of the county court be asked to co-operate with the city in constructing a proposed viaduct over the Missouri Pacific tracks on Washington avenue.

Reports of the completion of repairing the paving of Fifth street from Ohio to Grand avenue were made. Mr. Winner moved that all holes in asphalt paved streets, made either by plumbers, the water company or other persons or corporations be repaired at once, the bills be paid by the city and charged to the respective plumbers or persons who dig the digging in the street. Clerk Baker has a list of all persons given permits to dig in paved streets, and on this information depends whether the city pays for the repairing or the people who caused the holes.

On account of a long discussion about the repairs of the paved streets, especially on West Fourth street, the motion made by Mr. Winner was drawn until the Brown Roofing company has completed all its work of repairing paved streets.

The monthly reports of officers were made, received and filed.

An ordinance appointing a cemetery board and investing power of managing the cemetery in the board, was read and passed. According to the specifications of the ordinance, the board is to consist of seven members, four males and three females.

Messrs. Andler, Hugelman and Sullivan voted "no" on the measure.

An ordinance fixing the price for using the steam roller of the city at \$2 per hour was read and passed.

Reports of the completion of a sewer district in district No. 38 were made and received.

Mr. Crawford asked for an ordinance to compel the Missouri Pacific to place an arc light at Quincy avenue and the tracks, also an ordinance to compel the Katy to place a light at the tracks and Kentucky avenue.

All properly audited bills were allowed and warrants were ordered drawn in payment of same.

At 10:35 p. m. council adjourned.

THE ACREAGE OF COTTON

MAY BE MATERIALLY REDUCED IN THE SOUTH THIS COMING SEASON.

IMPORTANT MEETING AT MEMPHIS

National Convention of the Farmers' Educational and Co-Operative Union Will Be in Session Three Days.

Memphis, Tenn., Jan. 7.—As a result of the national convention of the Farmers' Educational and Co-Operative union, which began in Memphis today, it is likely that a great reduction in the cotton acreage and production of the country will be decided on for the coming year.

A reduction of 20 per cent will probably be agreed upon, although some of the delegates advocate a reduction of only 10 per cent, while some desire an acreage reduction of 30 per cent. Delegates and visitors are here from nearly every county of every cotton growing state, making the convention one of the largest of the kind ever held in the south.

The sessions will continue three days. President C. S. Barrett, of Georgia, is presiding. It is expected that the acreage reduction will enable the union to prevent over-production and maintain the 15-cent price for cotton.

The delegates from Texas, the leading cotton growing state of the Union, are instructed to advocate a 25 per cent reduction, as a majority of the locals in the Lone Star state have agreed upon that demand. Some locals have asked that the land devoted to cotton be cut down as much as 50 per cent, but it is not likely that any such radical action will be taken.

Among other matters which will probably be considered during the convention is the selection of a depository for the state and national organizations. It is likely that funds of the national organization of the Farmers' union will be deposited in Memphis, and officials of several state organizations may also decide to make the banks of this city their depositories.

A MUSEMENTS

SEDALIA THEATER.

"Uncle Tom's Cabin."

Manager Wm. Kibble will offer his patrons that grand spectacular production of "Uncle Tom's Cabin" on Friday, matinee and night, at the Sedalia theater. This attraction is classed as one of the biggest scenic productions of this attraction the American stage has ever seen, it being necessary to utilize two special

fares and excitement caused by "The Clansman" last year. Scores and hundreds of local playgoers were unable to gain admission to the theater, and those who were privileged to see it pronounced it the greatest play of the south ever written. Everywhere "The Clansman" has stood out distinctively from the other plays of the season. For example, its success in Chicago eclipsed anything that had gone before. The critics received it

A Comic Scene in the Third Act of "The Clansman," at the Sedalia Theater Next Saturday, January 11, Both Matinee and Night.

cars to transfer the scenery and equipment. No such amount of money as has been spent on this production has ever before been spent on this much neglected and abused, but still successful and unrivaled of American dramas. The company carries two bands, one creole girl drum corps, twenty-five ponies, donkeys, horses and oxen and tallio coach, traps and Eva's golden chariot, log cabin, ox carts and other numerous novelties, and gives the most elaborate and largest street parade ever attempted by a theatrical company. The parade starts from the opera house at 11:30. Frank Lee, the famous old time minstrel, heads the cast as Uncle Tom.

Return of Record-Breaking Success.

With the prestige of having broken all records for theatrical business both in the large cities and "on the road," "The Clansman" returns here on its third season, which will also be its last. Everybody recalls the

far west, hence the present farewell tour. Both company and production have been notably improved in view of the projected world-tour. In the company are such sterling actors as Franklin Ritchie, James J. Ryan, Eugene Hayden, Maude Durand, Barry Maxwell, Bruce Richardson, M. J. Jordan, Guy E. Hoffman, Ruth Hart, George A. Linderman, Joseph L. Sweeney, Murry Woods, John J. Flanagan, Earl Lee, John V. McDonald, Mae Burgess and Earl Ritchie. The dashing Ku Klux Klan cavalry remains a thrilling feature of the show. As "The Clansman" will not return to this vicinity until 1911 at least, no one should miss the opportunity of seeing it at the Sedalia theater Saturday matinee and night.

The Lyman Twins

In a big musical production. One of the most enjoyable performances of the season will be seen at the Sedalia theater next Sunday, matinee and night, in the appearance of the Lyman Twin Brothers, the famous twin comedians, and a large company in their new elaborate musical comedy, "The Yankee Drummers." This superb production far surpasses all others in which these clever young comedians have yet appeared, being supported by some of the cleverest comedy entertainers today before the public. The production is a revelation in beautiful scenery, pretty costumes, a dainty chorus, sweet, simple music, clever dancing and a wonderful display of electrical effects.

WOOD'S OPERA HOUSE.

Bertha Kalich.

The union of a great actress and a great play always has a definitely pleasing result. In Sedalia this union will be signalized by the appearance at Wood's opera house of Bertha Kalich in Angel Guimera's masterpiece, "Marta of the Lowlands." Madame Kalich, during the two years she has been under the management of Harrison Gray Fiske, has established her place among the great actresses of the period. "Marta of the Lowlands" has proved its exceptional power and appeal by having been, since it was written, the principal play in the repertoire of Marf Guerrero, the greatest of Spanish actresses, and the actress for whom the play was written.

"COMING THRO' THE RYE"

WILL BE AT THE SEDALIA THEATER TUESDAY NIGHT, JANUARY 21.

PRETTY ROMANCE ATTACHED TO IT

One of Rork Bros. Most Pleasing Attractions, and Manager Olen-dorf Ought to Have a Jam Up Audience.

The career of George Hobart's musical comedy, "Coming Thro' the Rye," which comes to the new Sedalia theater Tuesday night, January 21, probably has no parallel in the annals of American stage productions. In addition to the natural vicissitudes which may be encountered by any theatrical undertaking, a romance is interwoven with the history of "Coming Thro' the Rye," which is not the least of its interesting features.

It was first produced by George W. Lederer in Philadelphia in the spring of 1905. Lederer had been one of the conspicuously successful operators in the musical comedy line both in New York and London. But, like most men who make this expensive form of amusement a specialty, reverses came and he went "broke." While in this unenviable position he learned of Hobart's new musical play, and it was not long before he had secured sufficient "backing" to produce it.

It was successful from the start and, without going into the how and why, it eventually planted Lederer into the lucrative and enviable position of manager of the Colonial theater, Chicago.

Desiring then to dispose of the piece, Lederer encountered, among others, a young millionaire from Butte, Mont., who wanted just such a play with which to gratify the starting ambition of a young lady of the stage to whom he was engaged to be married. A deal was promptly consummated by which "Coming Thro' the Rye" was purchased for \$10,000.

The young lover employed a theatrical manager and the venture was launched with extraordinary ostentation. Everything was done upon a scale of unusual splendor, the scenery and costumes being of the richest kind. The young star was supplied with a white pony, upon which she made her entrance in the piece, and her costume, as well as the saddle and bridle and other accoutrements, were made of white kid. It was all very magnificent and very beautiful, but the show lost money—large wads of it—although business was very large and the performance pleased immensely.

Experienced theatrical people smiled, but said nothing. The "Coming Thro' the Rye" "bunch" were having a good time, which, apparently, was all that they were looking for. The fact was that the expenses were so great that even a dollar and a half a seat and with crowded houses everywhere, it was utterly impossible to "break even." This condition continued throughout the entire season and at its conclusion the young man from Butte was \$72,000 out of pocket. But the flame of love was large, and warm, and bright; so what mattered the loss?

The wedding day had been set and postponed a dozen times, but the "angels"—the one on the white horse and the one with the "mazuma"—remained confident and content. The summer-time came and with it the first little spat. Then an out and out quarrel—followed by an explosion. The romance was over. Brilliant libretto, charming music, superb scenery and costumes, all went to the storage house and the beautiful white pony was turned out to pasture.

Sam Rork, a practical manager, knowing all the circumstances, sought the young man from Butte. In less time than it takes to tell it, the beautiful "Coming Thro' the Rye" outfit was included in the Rork company's attractions, and, with sane management, it has gone through the country this season rolling up an amazing record of success, artistically and financially.

WANT PROHIBITION LAW

Mississippi Legislature Formally Opened Today.

Jackson, Miss., Jan. 7.—What promises to be one of the most important sessions in years was formally opened today by the Mississippi legislature.

An attempt will undoubtedly be made by the temperance element in the state to secure the passage of a stringent prohibition law. A large portion of the state is already "dry," and as there are large centers of population in the state, it is unlikely that much opposition will develop if such a measure is introduced.

BE GREAT CHURCH MEET

THAT OF PROTESTANT EPISCOPAL AT HOUSTON, TEXAS, THIS EVENING.

THE THIRD ANNUAL CONFERENCE

Of the Seventh Missionary Department—Bishop Tuttle, of Missouri, Will Be One of the Distinguished Speakers.

Houston, Texas, Jan. 7.—Scores of distinguished bishops, clergy and laymen of the Protestant Episcopal church gathered here today for the third annual conference of the Seventh Missionary department, including the state of Missouri, Kansas, Arkansas, Oklahoma, Louisiana, Texas and New Mexico.

At the opening service at Christ church tonight the speaker will be the Rev. Dr. Charles H. Bernt, bishop of the Philippines, who will speak on "Home Missions on the Threshold of Asia." Dr. Bernt's work in the Philippines has made him known to English churchmen everywhere.

Tomorrow night the principal speaker will be the Rt. Rev. L. L. Kinsolving, bishop of Brazil, who was one of the founders of the Episcopal church in the South American republic.

Other distinguished speakers at the conference, which will extend through tomorrow and Thursday, include Bishop Tuttle, of Missouri, presiding elder of the Episcopal church in the United States; Bishop Johnston, of West Texas; Bishop Sessums, of Louisiana; Bishop Garrett, of Dallas; Bishop Millsap, of Kansas; Bishop Brooke, of Oklahoma; Bishop Brown, of Arkansas; and Bishop Kendrick, of New Mexico.

John Wood, of New York, corresponding secretary of the Episcopal board of missions, will lead the meetings. Among the subjects for discussion are: "How to Enlist More Men for the Ministry" and "The Necessity for a More Vigorous Campaign for Church Extension Within the Department."

THE THIRD TERM BUGABOO

Clayton Resolution Will Squelch it Effectively.

Washington, Jan. 7.—One of the most important matters looming before congress is the Clayton resolution, declaring against a third term in the presidential office. It was thought that President Roosevelt's definite announcement that he would not again be a candidate would lead to the dropping of the measure, but the democratic leaders are determined to push it to the front.

Representative Clayton, who introduced the resolution, expresses himself as confident that it will speedily pass the house. Senator Culberson, minority leader in the senate, is pressing the measure to the attention of that body.

In the house, the democrats who are urging the Clayton resolution have the support of many republican members, who favor the nomination of Speaker Cannon and who believe that the passage of such a resolution would assist "Uncle Joe's" candidacy. As many of the republican senators are also lined up against the president, there is little doubt that the resolution will go through, if properly pushed.

Some of the democratic members candidly state that they are skeptical of President Roosevelt's voluntary withdrawal from the presidential race, and that they desire to make it certain that he will not be renominated in Chicago next June.

LAY EVANGELISTIC SCHOOL

Under Auspices of National Bible Institute.

New York, Jan. 7.—Under the auspices of the National Bible institute, the first school for the training of lay evangelists in this country had its inception today.

"It is interdenominational in character, and on the faculty are clerical and lay representatives of all the leading protestant churches" for aggressive evangelistic work in connection with meetings in their own churches, services in mission halls, in Young Men's Christian associations and in the open air evangelistic movements of the National Bible institute.

Among the members of the faculty are Don O. Shelton, president of the National Bible institute; Robert E. Speer, secretary of the Methodist Episcopal Church Extension society; David McConaughy, of the Presbyterian board of foreign missions; J. C. Halliwell, superintendent of the

Are You Trying to Walk Up

Stairs of Sand?

Climbing sand-stairs is an occupation which will keep you busy—but you won't ARRIVE anywhere!

"Running" a store, or a business enterprise, without advertising will keep you busy—but you won't ARRIVE anywhere!

"Sand-stair" methods of advertising may be pretty to look at—but they won't bear your weight—they crumble at the first pressure.

When you are tired of illusions and ready for realities, you will break yourself of the "sand stairs" habit—and rely upon the good old-fashioned "way-up" in business—a campaign of newspaper advertising. "Sand-stairs" are related to real stairs as "other stairs" of advertising are related to newspaper advertising.

A NEW WITNESS TO TESTIFY

He Witnessed the Shooting of White by Harry Thaw.

New York, Jan. 7.—Harry K. Thaw's mother is not the prominent figure at the second trial she was at the first. She is reported in poor health, and is unlikely that she will be seen often in the courtroom where her son is on trial for his life. Ill health is also given as the reason for the absence of the Countess of Yarmouth, Thaw's sister, although rumors have been circulated to the effect that her noble relatives have demanded that she stay away from the trial.

Mrs. Evelyn Thaw will beyond doubt be the star witness at this trial, as at the first. Her evidence will be used to show that Thaw's mind became unsettled from brooding over the story she told him.

A new witness for the defense will be John J. Donnelly, of Wilkes-Barre, Penn., who witnessed the shooting of White by Thaw, and who will testify that Thaw's actions led to the belief in his mind that Thaw was crazy at the time of the trial.

"THE CLANSMAN" HELPS CUPID

And in Eighteen Months He Scores Six Happy Marriages.

Escaping the chaperonage of her elder sister and gaily skipping the most important performances of the year, Miss Edna Davis, of "The Clansman" company, a grandniece of Jefferson Davis, was secretly married at Omaha on New Year's night to Earl Lee, of the same company, a Virgin-

ian and scion of "Light Horse Harry" Lee's family.

After an absence of four days the couple rejoined "The Clansman" at Leavenworth Sunday night. They expected the welcome of returning prodigals. What they got was a conspicuously displayed notice from Manager George H. Brennan reading as follows:

"Matrimony will hereafter be considered cause for dismissal, as Loney-moon tours have been found to interfere with the business of the company. This is positive."

The young folks threw themselves on the mercy of Sister Maude, who as Miss Durand is one of the chief props of the company in the role of Mammy Eve, and many telegrams were sent to New York begging Mr. Brennan to relent. He at last yielded and said he would retain Miss Davis as Helen Lowell and Mr. Lee as Dick, the negro corporal, out of consideration to Miss Durand's feelings.

This is the sixth marriage in "The Clansman" ranks within eighteen months.

CATARRH YIELDS

To Healing Air of Hyomei. Sold Under Guarantee by W. E. Bard Drug Co.

Catarrh is the most prevalent disease known to humanity. Probably ninety per cent of the people in this country suffer at one time or another with this common disease.

It is a germ disease and hence can be cured only by some method that will reach and destroy the germs.

This is best found in Hyomei, which may be called the direct method of treating catarrh, as its medication, taken in with the air you breathe, goes directly to every cell in the nose, throat and lungs; kills all catarrhal germs; heals the irritated mucous membrane and vitalizes the tissues so as to render catarrh no longer possible.

The unique way in which Hyomei is sold should dispel all doubt as to its curative properties, for W. E. Bard Drug Co. give their absolute guarantee to refund the price to any catarrh sufferer that Hyomei fails to benefit.

You do not risk a cent in testing its healing powers. What offer could be more fair to you than this, where a leading druggist takes all the risk of Hyomei giving satisfaction, and leaves you to be the judge.

RUMBLINGS OF THE RAIL

THE FELLOW SERVANT LAW IS NOW DECLARED TO BE UNCONSTITUTIONAL.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

In an opinion by Justice White, the supreme court of the United States Monday held to be unconstitutional the congressional enactment of June 1, 1906, known as the employers' liability law, making railroads and other common carriers responsible to employees in accidents due to the negligence of fellow servants or to ineffective appliances. The decisions of the lower courts were affirmed.

There were three cases before the court involving the validity of the law, one case of the widow of Will Howard, a locomotive fireman, who was killed in an accident on the Illinois Central, near Memphis; another that of the mother of Morris S. Brooks, a fireman, who was killed on the Southern Pacific in Nevada.

The Howard case was tried in the United States circuit court for the western district of Tennessee, with Judge McCall presiding, and the Brooks case in the United States circuit court for the western district of Kentucky, with Judge Walter Evans on the bench. In the former case damages amounting to \$25,000 were demanded, while in the latter the sum was fixed at \$20,000.

The railroads fought both cases strenuously both in the trial courts and the supreme court, and in each case obtained a verdict against the complainants on the ground of the unconstitutionality of the law.

SAYS HIS GIRL WED AT 13

Father Sues to Annul Marriage of His Young Daughter.

New York, Jan. 7.—Jacob Seitz, a stone dealer of Richmond Hill, has brought suit for the annulment of the marriage of his 15-year-old daughter, Katie Seitz, two years ago, to Frank Burnett, on the ground that his daughter was under 16 years of age when she was married, and that he and his wife did not know of her act.

The annulment suit was brought through H. A. Doellinger, a lawyer, of No. 65 Park Row, Manhattan, who, it is alleged, has disappeared since the action was started. Unless he returns the case will be taken by another lawyer.

Burnett, in his answer to the suit, it is alleged, will assert that he supposed his wife was of age when he married her.
